

Clubhouse Renovations

Pruning in Progress

- trees hanging over roof have been professionally pruned by an arborist
- poisonous vines have been removed from the siding, stone wall, and silo
- much more pruning around the area to be accomplished

What's Needed:

- runoff issue fixed
- roof repaired; add rake
- new fascia boards & siding
- new windows & doors
- professional mold removal
- storage room ceiling repaired

Quote from one local contractor for the above renovations:
\$32,000 - \$40,000
